On behalf of the entire Columbia College Hollywood community, I want to welcome you to the CCH family!

You will soon take the first of many steps on the remarkable journey that lies ahead. We are here to help you chart your own path to success and to mentor you as you navigate obstacles along the way. When you need encouragement, we will be your most fervent supporters. When you seek guidance, you can depend on us to be trusted and honest advisors. We're all here for the same reason: for you to become the artist and storyteller you are meant to be.

After all, the creative process is not a solo endeavor. Building relationships, collaborating with faculty and peers and establishing your professional network is essential to your personal and artistic growth. I strongly encourage you to take advantage of every opportunity available to you, beginning with the CCH Experience, an orientation program for new students to become part of our community and learn about the resources we have to offer.

Attending CCH is a chance to explore your creativity in a supportive and collaborative environment. Ask questions, take chances and challenge yourself. I can't wait to see where your artistry leads.

Sincerely,

Bill Smith
President, Columbia College Hollywood
THE CCH CHALLENGE
DO YOU ACCEPT?

Before new students embark on their journey at CCH, we ask them to accept the CCH Challenge. The CCH Challenge is a set of expectations for all of our students that provides a clear path to personal and academic success:

- EXCEL academically.
- STRETCH creatively and try something new.
- ENGAGE with campus life.
- CHOOSE to make decisions that will elevate their education and their future as creators, storytellers and artists.
- SERVE the college and surrounding community.

The Challenge encourages students to make responsible decisions that reflect positively on our students, their families and the CCH community. We are confident in each student’s ability to meet the Challenge, and we will do all we can to support them in doing so.

We are committed to helping all members of our community be successful at Columbia College Hollywood. As students CHOOSE their path, we hope they will embrace the CCH Challenge and their responsibilities as a valued member of the CCH community.

Do you accept the challenge to EXCEL, STRETCH, ENGAGE, CHOOSE, and SERVE?
THE CCH EXPERIENCE
WHAT TO EXPECT AT ORIENTATION EVENTS

Orientation marks the start of students’ CCH Experience, a program that helps new students explore college resources and build their new community here at CCH. This Spring’s program will be delivered through a hybrid experience. The Student Affairs team has created a colorful menu of interactive activities to ensure a fun, worthwhile experience for all new members of our community.

The CCH Orientation Experience is divided into four sections:

- **Self-Guided Online Orientation** — Online modules surrounding financial tools, digital resources, and professional development.
- **The Live Virtual Community Experience** — A specialized orientation event that unites students and celebrates our diverse college.
- **The Live Virtual LA Experience** — Traditional half-day orientation program that introduces students to the LA campus community and reviews campus-specific policies and procedures.
- **The On-Ground LA Experience** — Students will now have the option to visit the LA campus in-person to schedule a tour, meet with various departments and become acquainted with their new creative playground.

PLEASE NOTE: All live virtual events will be held over Zoom. Students should secure access to a computer with a working camera and a stable internet connection prior to each event. Students are required to keep cameras on for the duration of each event, as the sessions are designed to be interactive. Prior to the virtual events, please find the quietest place you can attend and consider using a virtual background. Any student without their camera on will be asked to leave the event.
