Source: CCH School Performance Fact Sheet

1. "Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar.
2. "Number of Graduates" is the number of students who completed the program within 100% of the published program length
3. "Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment. "Graduates Unavailable for Employment" are graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
4. "Graduates Employed In-Field" means graduates who report that they are gainfully employed within twelve months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.
5. "Placement Rate" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
