

# COLUMBIA COLLEGE HOLLYWOOD

---

## VOTER INFORMATION

Like all eligible citizens, any college student may register to vote using his/her college residence address or may choose to use his/her family residence. California law (Elections Code Section 2025) allows college students to establish domicile or legal residence where they attend school if they so desire.

### Who can register to vote?

You may register to vote if:

- You are a United States citizen
- You are at least 18 years old on or before election day
- You have not been found mentally incompetent by a court of law
- You are not serving a state prison term for a felony conviction
- You are not on parole/probation for a felony conviction
- You are registering at least 15 days before election day

### What identification do I need?

The Help America Vote Act (HAVA) states that individuals registering to vote for the first time in the state/jurisdiction must provide either a valid California driver's license or state ID card number.

If you do not have either a valid California driver's license or state ID card number, you can provide the last four digits of your Social Security number. If you provide a driver's license or state ID number that can be matched to a state record, then you will not be required to show ID when you vote.

If you register by mail and have not previously voted in an election for federal office, you must present the following:

- When Voting in Person: You must present a photo ID or a document that indicates your name and residence address.
- When Voting by Mail: You must present a copy of a photo ID or a document with both your name and residence address.
